Summary

Operator who builds governance frameworks, analytics platforms, and decision-support tools in high-complexity environments – 7 years across government institutions and corporate transformation. Currently driving digital strategy and operations at KEC International (RPG Group).

Key Skills

Execution & Governance: Problem structuring, Cross-team delivery, Operating cadence (MBR/WRB), Change Management, Executive Reporting, SOPs
Metrics & Decisioning: KPI/OKR frameworks, Performance Tracking, Decision Support, Root Cause Analysis
Digital Product & Tooling: Internal tool development, AI/ML workflow automation, Dashboards | Python, SQL, Power BI, Power Automate

Professional Experience

KEC International, RPG Group | Senior Manager – Business Transformation May 2025 – Present

- Built KEC's first field productivity monitoring tool from scratch; established data-backed manpower benchmarks that lifted tower erection productivity 25% (4→5 MT/day) within 90 days; embedded into CXO & strategy review cadence as the standard execution tracking mechanism
- Redesigned rolling plan governance across 3 teams (CPMG, field, and transformation) using Power Automate and Office Scripts; preserved Excel interface to ensure 100% user adoption; created auditable delivery accountability for the first time
- Built an AI-assisted tendering tool - structured tender knowledge repository, integrated live market indices, and layered an ML pricing engine; eliminated estimation bottleneck for high-value bids and standardized pricing confidence across low/base/high scenarios
- Designed a risk control framework tracking ₹3,000Cr+ in BG/surety exposure across 150+ projects; automated alerts eliminated missed renewals; recognized by the Managing Director and replicated across International, Civil, and Transportation businesses
- Drive the digital strategy and performance agenda for the Business Unit Head – own MBR packs, productivity briefs, and digital initiative pipeline; decision materials and governance format adopted as the business unit-wide standard within 3 months

Central Industrial Security Force | Program Manager – Strategy & Operations Oct 2020 – Mar 2024

- Directed PMO for Defence Expo 2022, coordinating 600+ personnel & 6+ agencies across logistics, operations, and protocol for 250K+ visitors & 75+ international delegations; restructured operational architecture within 12 hours for public-day surge; zero incidents, zero SLA breaches
- Self-initiated and delivered an 18-month digital transformation of unit administration; secured buy-in from stakeholders, coordinated infrastructure upgrades, authored SOPs, and ran training; cut administrative turnaround by ~90% & eliminated paper workflows
- Originated CISF's first institutional security partnership with a high-footfall religious landmark (~10M annual visitors); built trustee relationship from scratch, designed tiered deployment proposals to navigate competing cost & scale pressures, and secured formal institutional engagement
- Assigned to advise a national currency printing facility on operational redesign; conducted stakeholder needs assessment & RCA, negotiated a security-compliant 20% workforce optimization; delivered digitalization roadmap (biometrics, IP-CCTV, SAP, e-signatures) adopted as the institution's formal digital transition plan

Intelligence Bureau | Manager – Risk Intelligence & Operations Oct 2018 – Sep 2020

- Independently built and deployed an NLP classification pipeline (Python/AWS) to auto-prioritize high-impact entities from open-source data; reduced per-cycle analyst processing time by ~85%
- Deployed as intelligence advisor to district administration during COVID-19 lockdown in a remote tribal district - mapped supply chain blockages, designed a zone-based delivery model, and coordinated logistics across agencies; supported uninterrupted essential supply distribution for 90+ days with no failures
- Identified a critical intelligence gap in Chinese-language OSINT; sourced and trained two specialist operators, built operating protocols, and secured cross-agency funding from Military Intelligence, delivering a fully operational new intelligence stream within 6 months

ZS Associates | Technology Analyst Aug 2016 – Dec 2016

- Built ETL pipelines for a global pharma client using Informatica, SQL & Teradata; improved data accuracy and processing speed for cross-DBMS consolidation

Education

MBA (PGPM) – Indian Institute of Management, Ahmedabad | India 2024 – 2025
B. Tech (CSE) – Maharaja Agrasen Institute of Technology, GGSIPU, Delhi | India 2012 – 2016

Accomplishments

- Recognized as “Top Talent” (OMR 2025), KEC International – firm’s high-potential designation (valid through 2027)
- Director General's Commendation Roll; awarded for program leadership at Defence Expo 2022
- AIR 14 / 7.5L candidates – IB ACIO-II, 2018 (Top 0.002%) | AIR 54 / 3L candidates – UPSC CAPE, 2018 (Top 0.02%) | AIR 27 / 4L candidates – UPSC NDA, 2011 (Top 0.01%)
- IIM Ahmedabad PGPM 2024-25 batch entry-level scholarship for distinguished profile & career achievements

Certifications

Google Agile PM, BI, DA 2023 – 2024 Lean Six Sigma Green Belt by KPMG Nov 2023
